He’s God

Nahum 1:1-3

The bible does not tell us all there is to know about God because our minds are too small to comprehend his surpassing greatness. He is infinite in all of his ways.

He revealed himself, his love, and his holiness to the whole world through Israel. But they sinned and God used Babylon, Assyria, and Persia to punish them. Nineveh, the capital of Assyria, terrorized its captives. Although God is a jealous and avenging God, he had to bring Nineveh back in line. He sent Jonah to preach to them and they repented.

When you sin God is merciful and will forgive you, but do not take him for granted. He is patient, powerful, compassionate, temperate, slow to anger.

Our God is fearsome. The earth trembles at his presence, the mountains quake and the hills melt away. Everyone is in reverential fear and awe of him. We are his body, the church, the visible presence of God before men. We are his beautiful bride adorned in the raiment of our God. He fights for us. He fights for righteousness and justice if we obey his word.

God will bless your life if you surrender it to him. Obey his word and he will make your cup run over. He will be your refuge in times of trouble. He will rescue you.

Stay in his word. Be sensitive to who he is. Keep trusting him. Continue to grow and learn for he will never leave or forsake you.
